**President’s Annual Report**
2009 has been yet another successful year for the P&C.

Following on the success of last year we hosted a Welcome lunch in March, for new parents to the school. This informal gathering, of which 35 people attended, gave parents to opportunity to meet others and also to interact with some “old hands”.

The P&C again held a faculty information evening for parents of girls in Year 7. Head teachers from each curriculum area spoke about the areas of study; what the girls could expect, and what was expected of them as Year 7 students. While the numbers attending were down on last year, I believe this evening provides a valuable insight into what is taught in Year 7 and how parents can assist their daughters to cope with their first year at high school and the changes this brings.

Again this year I have tried to include a P&C report into each edition of the Riverside Currents newsletter to try and keep parents informed about what the P&C is doing, its position on various issues and to encourage more parents to be involved in the P&C. By effective communication...
we can hopefully increase our active parent base, particularly at meetings, so that the P&C continues to be an effective and positive body working with the school to improve our daughter’s education.

In 2009 we have organised or assisted with –

- A Working bee to enhance the gardens in the front of the school adjacent to the car park. This included weeding and trimming plants etc. and removing accumulated leaf mulch from around and under the woodwork building so as to reduce the risk of fire.
- Repainting the main school sign.
- Orientation day, assistance with the clothing pool and running the gelato bar.
- Open day BBQ, which is a source of fundraising for the P&C, but also provides visiting parents the opportunity to ask informal questions about the school.
- BATH Day, assisted with funding of the day and ran the gelato stall. Funds raised were used by the school to assist with payments of activities and speakers.
- Provided supper and snacks for the very successful school production of Alice in Wonderland.

This year the P&C reconfigured the amount of the Family P&C contribution that is channelled into the Special Projects fund. Funds from this account were used to

- Assist 8 talented students who had been selected in their chosen discipline at a state or national level.
- The student assistance scheme for disadvantaged students.
- Ongoing funding of materials for a lunchtime program to support student self esteem and improve their sense of belonging.
- “Mathletics” maths learning system
- Contribute to the artist in residence program.
- Purchase of display boards to be used for the art and music soiree and orientation day

Funds from the grounds account have –

- Purchased two garden seats
- Provided handrails to the stairs to the Hall from the carpark
- Purchased a storage shed for P&C tools and other environment group items.

As this is my last report as President, my daughter Jacquelyn having just completed her HSC, I would like to thank Judy, her deputies, and the staff, for guiding and supporting, Jacquelyn through her high school years at Riverside. She has enjoyed her time here, as I have, and we now look forward to a new chapter without Riverside. Thankyou Judy for all your assistance in the various roles I have held on the P&C.

A huge thank you to Brad Powe and Sharon Weismantel; I could not have done without your help and support. Knowing that you had the paperwork and accounts under control certainly made my job that much easier and I very much appreciate it.

I wish the P&C the very best for the future and hope that more parents will see the benefit of belonging to the P&C so both they and the school will reap the rewards of an active P&C.
